About Countryside Community Church

Countryside is affiliated with the United Church of Christ. We were established in 1949 as part of the Congregational Church, one of the oldest denominations in America, which still remains strong in the New England states. In 1957, our branch of the Congregational Church joined with the Reformed Church in the United States, independent congregations of the Christian Connection, and the Evangelical Synod of North America to form what is now commonly known as the United Church of Christ, or the UCC.

We are currently located at 13130 Faith Plaza in Omaha, Nebraska. In the spring of 2019, we relocated our congregation to the Tri-Faith Commons at 132nd and Pacific as the Christian partner of the Tri-Faith Initiative.

Our Mission: We are an inclusive, open and affirming family of faith, welcoming all to God's table of love and acceptance. We are diverse, yet united by Christ's example. We care for one another, support one another, and challenge one another to become all that God creates us to be. We work together to nurture our community and to promote peace and justice in our conflicted world.

Equal Employment Opportunity

It is the policy of Countryside Community Church to grant equal employment opportunity to all qualified persons without regard to race, color, creed, national origin, age, gender, gender identity, sexual orientation, marital status, veteran status, disability, or handicap – if such handicap or disability may be accommodated without undue hardship. The recruitment and selection process will be based on job-related, objective qualifications, in accordance with the job requirements of the position being filled. All employees must be able to perform the essential functions of their jobs as set forth in the employee's individual position description. Reasonable accommodations will be made, in accordance with applicable state and federal laws, to assist employees with disabilities in performing the essential job functions.

Countryside Community Church is organized for religious purposes and is substantially supported by a religious body, the United Church of Christ. As a religious organization, Title VII of the Civil Rights Act of 1964 exempts churches from the prohibition on religious discrimination; consequently, our hiring practices may require faith as a job-related, objective job qualification for some specific positions.
